Electrical Service Part 1 INFORMATION ONLY

Order Deadline:
March 16, 2009

Contained on this page are information and governing rules and regulations pertaining to electrical service. Please review it BEFORE placing Electrical Orders!

ELECTRICAL ORDER CHECKLIST:

- Check rating plates on your equipment to ensure that you will have the proper power to operate your display.
- Order 24-hour power if required for refrigeration, computer systems, water pumps, heaters, etc.
- Indicate your electrical labor requirements for equipment hook-ups and/or power distribution on the Electrical Labor Order Form.
- If distribution is required, include a **detailed electrical floor plan with your order**. Indicate both main power location(s), distribution location(s) and neighboring booths and aisles.
- Avoid code violations. Check the electrical code requirements on this information sheet.
- Place your order before the advance rate deadline date and save.
- Payment must be included with your order to secure the advance rate. Include a company check and a completed Credit Card Authorization. (Credit Card Authorization must be on file regardless of your preferred method of payment.)

All orders are governed by the Champion Payment Policy and Limits of Liability and Responsibility

CES ELECTRICAL HAS JURISDICTION OVER THE FOLLOWING:

(REQUIRES LABOR TO INSTALL AND REMOVE & MATERIALS, ADDITIONAL LIFT CHARGES MAY APPLY)

EXHIBITORS MATERIALS CAN NOT BE USED FOR UNDER CARPET OR CONCEALED WIRING

- Electrical distribution under carpet or over taped.
- All outlets over 20 amps and/or voltage over 150 volts.
- Electrical distribution overhead for installing additional power to your booth.
- Connections to dimmers, disconnects or sound and projection equipment.*
- Installation of lighting fixtures, tracklights and power tracks including theatrical lights used as spots or floods and video walls.
- All data cable (fiber-optic or copper) and coaxial cable.
- Distribution from outlets to equipment.
- Electrical apparatus or equipment wiring or repairs.
- Booth-to-booth cable runs.
- Video antenna runs.
- Wiring of overhead electrical signs.
- Assembly and dismantle of satellite dishes (except small dishes that are completely preassembled on a trailer).
- Connection of electrical motors or controls including any hard wiring to machinery.
- Installation of all truss and lighting.
- All special and static lighting for displaying of product, booths or areas having sales demonstrations and all presentations regardless of location. In the case of production or stages, Champion will furnish power source to dimmer boards or disconnects and energize.* Champion will then be responsible for obtaining power and maintenance of all power.

THE ABOVE SERVICES ARE DONE ON A TIME-AND-MATERIALS BASIS AND CANNOT
BE PERFORMED BY OTHER UNIONS, I&D HOUSES OR EXHIBITORS.

*ALL STAGEHAND LABOR USED IN THE EXHIBIT AREA OF THE FACILITY WILL BE SUPPLIED THROUGH CHAMPION

Electrical Service Part 1

(continued)

ELECTRICAL CODE

Electrical requirements for an exhibit at all convention facilities are for the safety of all exhibitors and are based upon national electrical codes and local ordinances.

Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, exhibits at all convention facilities may be inspected to determine if any violations exist. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time-and-material basis. If the exhibitor does not wish to have the fault corrected, electrical service to the offending booth will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to convention facilities.

Serious risks are involved which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public, remember these points.

All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.

Spot or flood lighting is a hazard when lamps are too close to fabrics or other material that can be affected by heat.

The use of clip-on sign sockets, latex, or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.

Zip cords or 2-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities. Please leave all 2-wire cords at home!

OUTLET LOCATION & DISTRIBUTION - You need to designate one location for each outlet you order. See Grid. All distribution will be done on a time-and-material basis. If you fail to provide us with a floor plan, we will hold electrical installation and distribution until your representation calls for installation and we have an electrician available.

A separate outlet must be ordered for each location where electrical services are required. There is a 500 watt minimum.

Island booths: There is a minimum labor charge of 1 hour to deliver power to all island booths. All additional distribution is done by CES Electrical on a time and materials basis.

Dedicated and 24-hour power will be at double the listed price. Please indicate these requirements in the 24-hour column at double the appropriate rate.

CES Electrical is not responsible for voltage fluctuation or power failure due to temporary conditions. For your protection, you should install a surge protector on your equipment. All electrical installations and connections to all electrical service should be made by a CES electrician. CES Electrical will not be responsible for any damage or loss to any equipment, component, computer hardware or software, and/or any damage or injury to any person caused by the installation, connection, or plugging in of any electrical outlet by person other than a CES electrician.

Electricity will be turned on during installation, 30 minutes prior to show open, each day of show and will be turned off within approximately 30 minutes after show close each day.

Please Note:

- No credits will be issued on unused outlets or lights installed as ordered.
- Exhibitors found using outlets without an order will be subject to the regular rate for outlets used + 20%.

Electrical Service Part 3
Labor
Order Deadline:
March 16, 2009

Exhibitor Name:	Tel. #:	Booth Number
Contact Person:	Fax #:	
Authorized by:	Cell #:	
E-mail:		

PLEASE COMPLETE THIS FORM FOR ALL ELECTRICAL LABOR.

- No Labor needed backwall 120v Power**
- Exhibitor Supervision (Do Not Proceed) Will Call: Date: _____ Time: _____ # of men: _____**

All electrical labor scheduled for 8:00 a.m. starting times will be dispatched to booth space. For all other starting times, check in at the labor desk one-half (1/2) hour before time requested. Labor cancelled without a 24-hour notice shall be charged a one (1) hour cancellation fee per electrician. If exhibitor fails to use the electrician at the time confirmed a one (1) hour "No-Show" charge per electrician will apply.

The minimum charge for labor is one (1) hour per electrician. Labor thereafter is charged in one-half (1/2) hour increments. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by Champion. All rates are subject to change if necessitated by increased labor and/or material costs.

- OK to proceed - complete before: Date: _____ Time: _____**
 All labor performed under the supervision of Champion. In order to perform the labor without exhibitor's representative present, Champion **MUST** have detailed blueprints/floor plans for power distribution under carpet with this labor order.
 _____ Straight Time Only _____ Overtime, if necessary to meet setup time

Carpet was ordered from Champion: yes no

Hourly Rates

- **Straight-Time:** \$100.95 per man hour 8:00 a.m. to 3:30 p.m., Monday through Friday.
- **Overtime:** \$190.55 per man hour before 8:00 a.m. and after 3:30 p.m., Monday through Friday, and all hours on Saturday, Sunday and observed union holidays, where applicable.
- **Aerial Lift :** \$250.00 per hour
- **Orders placed on show site:** Add 20% to hourly rates.

Calculate Labor
